Presentation of
Memento to Chief Guests : Jb T K Jalaluddin Musaliar
(Treasurer, TKM College Trust)

Vote of Thanks : Dr T S Krishnakumar
(Coordinator, IDEA Lab)

National Anthem

T K M College of Engineering, Kollam (TKMCE), the first Government Aided and Autonomous institution affiliated to APJ Abdul Kalam Technological University, was established in the year 1958 by late Janab A Thangal Kunju Musaliar an industrialist, philanthropist and a great visionary. Today, the college is a renowned name for technical education in the country, offering courses in seven branches of engineering, and architecture at under graduate level. It also offers post-graduate and Ph.D programmes in various streams.

The AICTE IDEA Lab is an innovative and promising initiative rolled out by All India Council for Technical Education to transform technical education by empowering young minds with cutting-edge tools, processes, and skills. TKMCE is one among the 49 institutes selected pan India on a 50 : 50 cost sharing basis. The project has a sanctioned funding of 82 lakhs. On account of the allied infrastructure development the overall project cost incurred is 1 crore. IDEA Lab is expected to provide a platform for the students to develop their ideas and eventually convert them into innovative products. This will be encouraging students to involve in the application of science, technology, engineering, and mathematics (STEM) fundamentals towards enhanced hands-on experience, learning by doing, and product visualization.

The TKMCE - AICTE IDEA lab will be inaugurated by Prof. Rajive Kumar, Member Secretary, AICTE on the 4th February 2023. Keynote lecture on the topic *Institutional Development in the context of NEP 2020* will be delivered by Dr Neeraj Saxena, Advisor I, IDC, AICTE, in the meeting to be presided by Honourable Chairman Janab Shahal Hassan Musaliar. Dr Ramesh Unnikrishnan, Advisor II, Policy & Academic Planning Bureau, AICTE will also attend the meeting. You are cordially invited for the inaugural function.
