Chief Guest
Dr. Ramamurthy K.
Professor
Building Technology and Construction Management Division
Dept. of Civil Engineering
IIT Madras

Date : 15th February 2021
Time : 4.30 pm IST

TKM COLLEGE OF ENGINEERING

ASCE AMERICAN SOCIETY OF CIVIL ENGINEERS

TRADITIONAL KERALA ARCHITECTURE
AN OVERVIEW

Kerala has a rich architectural heritage, which has been instrumental in creating comfortable, environmental friendly buildings. In the modern day, with concerns on environmental conservation and sustainability, it is important that a Civil Engineer understands more about our scientific and technological heritage. The lecture, Traditional Kerala Architecture: An Overview, will provide an interesting insight into Vastuvidya.

Prof. Subhash Varma C. R., Associate Professor in the Department of Architecture, TKM College of Engineering, is well versed in the field of traditional Kerala architecture. His other areas of interest are sustainable development, green buildings and vernacular architecture. He is an Associate member of the Indian Institute of Architects, Indian Green Building Council Accredited Professional and is registered with the Council of Architecture.
